Career Objective

Computer Science and Engineering (IoT) student passionate about Java development and cloud computing, seeking internship opportunities to apply problem-solving skills while building scalable software solutions.

Education

B.E. Computer Science and Engineering (IoT) | Nandha Engineering College | 2023 – 2027 | CGPA: 8.6

Technical Skills

- **Programming:** Java (Core Java, OOP)
- **Cloud:** AWS (S3, EC2, IAM, Static Website Hosting)
- **Tools:** Git, GitHub, VS Code, AutoCAD
- **Concepts:** OOP, Basic Problem Solving

Projects

- **RideBoard** – Explored ride posting, authentication and cloud data management for mobile applications.
- **AWS Static Website Hosting** – Deployed a static portfolio website using Amazon S3.
- **Sales Forecasting using XGBoost (Research)** -- Contributed to research on retail sales forecasting using ensemble machine learning. Studied XGBoost and model evaluation techniques to improve prediction accuracy.

Internships & Exposure

- Completed Infosys Pragati training in software development fundamentals.
- Completed a 22-day internship at Elite System & Controls with exposure to PCB design workflows.

Certifications

AWS Cloud Practitioner Essentials | NPTEL Cloud Computing | Java Programming | Elite System & Controls | Infosys Pragati

Areas of Interest

Java Development | Cloud Computing | Problem Solving.
